### FIRST TRIP

Is the Fatal One to the Chicago  
Wireless Operator on the  
Ill-Fated Gulflight.

(BY ASSOCIATED PRESS.)  
CHICAGO, May 4.—Charles C.  
Short, the wireless operator, who is  
reported to have lost his life when  
the American steamer, Gulflight, was  
torpedoed off the Scilly islands, was  
making his first trip as a wireless tele-  
grapher. He was 22 years of age  
and made his home with his mother  
here, a widow whose husband died  
six years ago in Postoria, O., and  
two younger brothers and sisters. He  
was unmarried. He learned telegra-  
phy when a soldier in the Philippines  
and obtained his first position at the  
key here last spring when he applied  
to the Chicago office of the Gulflight  
Oil Refining Company for a position.  
On April 10 his mother received a  
telegram from Port Arthur, Tex.,  
saying that he was sailing.

### LAUREL KILLS CATTLE.

(BY ASSOCIATED PRESS.)  
KEYSER, W. Va., May 4.—  
High-bred cattle owned by E.  
B. Reynolds, while on their  
way to "Good Place," on the  
Allegheny mountains, ate  
some laurel along the road-  
side, four died before reach-  
ing the pasture and others  
were sick. The loss of these  
prize cows indicates that cat-  
tle kept in restricted areas do  
not know how to avoid shrub-  
bery which is poisonous, while  
thousands of cattle in the  
state ranging in the moun-  
tains and along streams, in  
reach of laurel every day, are  
never poisoned.

## CLAIMS

Not to Be Pressed at Present by  
Owner of the Torpedoed  
Gulflight Steamer.

(BY ASSOCIATED PRESS.)  
PITTSBURGH, Pa., May 4.—It is not  
the purpose of the Gulf Refining  
Company, whose steamer, the Gulf-  
light, was torpedoed off the Scilly  
islands by a German submarine to  
press any claims through the United  
States government at this time, ac-  
cording to George S. Davison, pres-  
ident of the company.

"I will be in Washington today  
and will call at the state depart-  
ment," said Mr. Davison. "Our property  
was covered by insurance in no way  
connected with the government marine  
insurance. That of course will be  
paid and the only matter to be taken  
up with the government will have to  
do with relief for the families of Cap-  
tain Gunther, the wireless operator  
and the sailor whose death resulted  
from the attack. There are no more  
of our ships in that vicinity now but  
we are not going out of business be-  
cause we have suffered this loss."

## PLATT'S SON

Is on the Stand as a Witness in  
the Libel Suit against Col-  
onel Roosevelt.

(BY ASSOCIATED PRESS.)  
SYRACUSE, N. Y., May 4.—That  
William Barnes told him Charles  
Murphy of Tammany Hall had  
asked for help in 1911 to defeat a  
direct primary bill in the state legis-  
lature and that the then chairman  
of the Republican state committee  
had answered he would refuse the  
aid asked and had remarked he  
would not pull the Tammany leaders  
"chestnuts from the fire," was the  
sworn testimony given in the supreme  
court Monday by Walter K. Arndt,  
formerly Albany correspondent of a  
New York newspaper. Mr. Arndt  
was one of several witnesses who  
were placed upon the stand by the  
defense. One of them was Edward  
Clapp Platt, son of the late Thomas  
C. Platt, former United States sen-  
ator and described in previous testi-  
mony as "The easy boss."

## ATE ONLY RAW EGGS; NOW FEELING FINE

S. D. Martin of Elkton, O., suffered  
with stomach troubles and difficulties  
in his digestive tract. He lost weight  
and his appetite was bad.

He took one dose of Mayr's Wonder-  
ful Remedy and was swiftly restored  
—with one dose. Seven months later  
he sent an order for more, saying:

"Since taking your remedy I have  
not been bothered any to speak of  
with my stomach. Before I had had  
headaches and dizzy, weak spells,  
of which I am almost free. I have gained  
fifteen pounds since taking the one  
dose. It is not that I need the medi-  
cine now that I am sending. I am  
simply going to take it as a pre-  
ventive. My wife induced a lady  
friend to try it. She had been eating  
only a raw egg or cracker or two, and  
often could not keep them down. This  
lady used your remedy and it has al-  
most cured her."

Mayr's Wonderful Remedy gives per-  
manent results for stomach, liver and  
intestinal ailments. Eat as much and  
whatever you like. No more distress  
after eating, pressure of gas in the  
stomach and around the heart. Get one  
bottle of your druggist now and try it  
on an absolute guarantee—if not sat-  
isfactory money will be returned.

## "BOOZE"

Passes Through City of Par-  
kersburg into the Interior of  
the State.

(BY ASSOCIATED PRESS.)  
PARKERSBURG, May 4.—  
Prohibition in West Virginia may  
prohibit, according to Fred O. Blue  
and Skip Rathbone, but it is a fact  
that a vast amount of the wet goods  
is being carried into the state, and  
it is marked "For Personal Use Only."  
Evidence of this can be seen al-  
most every night when B. & O. train  
No. 2, bound for the east and cen-  
tral part of the state leaves here.  
Last Saturday night there was a  
remarkable scene at the station when  
the fast train pulled in from the  
west. On the platform, in the wait-  
ing rooms and all about the station  
could be seen people who had evident-  
ly been to Marietta. At least, their  
actions showed that they had been  
somewhere where they found the  
that cheers and inebriates for they  
were in all stages of intoxication.  
It was also noticeable that most  
of the travelers had either a large  
grip or a couple of suitcases with  
them and they appeared to be terri-  
bly heavy, too, as though they were  
well loaded. It was estimated that  
25 to 30 persons went out on the  
train and that each had a large con-  
signment of the wet goods with which  
to brighten the hours of Sunday.

## JAIL ESCAPE

Is Made at Charleston by a  
Man Who Has Served Time  
in Various Prisons.

(BY ASSOCIATED PRESS.)  
CHARLESTON, May 4.—John  
Trustlow, who is credited by the po-  
lice with breaking jail three times in  
Charleston and once each in Colum-  
bus, Logan and Gallipolis, O., escaped  
from the city prison again Mon-  
day. Trustlow had been arrested in  
the night charged with burglary but  
soon worked his way out of prison. He  
stopped at the Central fire company's  
quarters and, the police allege, de-  
parted with a fireman's outfit.

## HARDWARE DEALERS

Will Hold Their Next Annual  
State Convention in This  
City Last of January.

A meeting of the executive com-  
mittee of the West Virginia Hardware  
Dealers' Association has been held  
here and John Morgan, of Morgan-  
town, elected secretary of the asso-  
ciation, succeeding A. A. Doak, of El-  
kins, who has held the office two  
years and a half.  
The committee selected this city as  
the next annual meeting place of the  
association, the date of which will be  
the latter part of next January, chang-  
ing the same from March. It being  
deemed more convenient for the mem-  
bers of the association to meet here-  
after earlier in the year.

## VERY SMALL

Are the Wage Advances Award-  
ed to Railroad Men on the  
Western Roads.

(BY ASSOCIATED PRESS.)  
CHICAGO, May 4.—The Brother-  
hood of Locomotive Engineers and  
Firemen after analyzing the arbitra-  
tion award for three days, Monday  
issued a statement in support of their  
contention that the wage advances  
granted were very small. The in-  
creases aggregate, according to these  
figures, \$820,498 a year. The figures  
are for wages alone and do not in-  
clude the value of compensatory rules  
or overtime allowances granted.

The railroads contended through-  
out the case that to grant every de-  
mand made by the men would cost  
the ninety-eight western railroads in-  
volvement \$40,000,000 a year. The men  
claim the cost would not run over  
\$10,000,000 a year.

The award is said to affect engi-  
neers on only 5,576 locomotives out of  
23,812 in service. The advance to the  
engineers total \$311,111.46, according  
to the Brotherhood. Firemen on  
7,965 locomotives out of 23,812 in  
service, receive a total increase of  
\$509,386.70, it is calculated by the  
brotherhood.

### EXTRACTS OIL FROM REPTILES.

HUNTINGTON, W. Va.,  
May 4.—A shipment of dia-  
mond black rattlesnakes  
weighing about 300 pounds  
was received here and the rep-  
tiles will be used in the man-  
ufacture of snake oil by a local  
manufacturer. The State Hos-  
pital here has been conducting  
experiments in the treatment  
of epileptics with rattlesnake  
serum, and the efficacy of the  
treatment has been indicated  
in many cases. The state has  
from time to time imported  
consignments of the best rat-  
tlesnake serum for these ex-  
periments.

### TO ERECT MARBLE SHAFT.

WESTON, May 4.—Josiah  
Snyder, a prosperous farmer  
residing in Lewis county, is  
having made a handsome  
marble shaft to mark the last  
resting place of himself and  
his brother who recently died.  
Both have lived all their lives  
on farms and the survivor is  
so justly proud of his career  
as a tiller of the soil that one  
side of the shaft will have em-  
bossed a sheaf of wheat and  
on the other side opposite will  
be a section of growing corn,  
and under these emblems the  
inscription, "Peace on earth,  
good will to men."

## PEN POPULATION

Is Reported to the Governor of  
the State as 1,247 During  
the Month of April.

Warden M. Z. White, of the state  
penitentiary at Moundsville, has com-  
pleted his monthly report of that in-  
stitution, which has been submitted  
to Governor Hatfield, and it shows  
some interesting facts about the popu-  
lation of the prison. There are the  
present time a total population of 1-  
271 men and 21 women at the peni-  
tentiary. Thirty-six men and one  
woman were received from state  
courts during the month, and six  
were received from federal courts.  
Two witnesses who had been held  
during the month were returned,  
making the total number of prison-  
ers handled at the institution during  
the month, 1,247.  
Twenty-two men and one woman  
were discharged, twenty men paroled,  
one sent to the insane asylum and two

## WASHING WON'T RID HEAD OF DANDRUFF

Dissolve It, That's Best Way.

The only sure way to get rid of dand-  
ruff is to dissolve it, then you destroy it  
entirely. To do this, get about four  
ounces of ordinary liquid arvon; apply it  
at night when retiring; use enough to  
moisten the scalp and rub it in gently  
with the finger tips.

Do this tonight, and by morning most  
if not all of your dandruff will be gone,  
and three or four more applications will  
completely dissolve and entirely destroy  
every single sign and trace of it, no mat-  
ter how much dandruff you may have.

You will find, too, that all itching and  
digging of the scalp will stop at once,  
and your hair will be fluffy, lustrous,  
glossy, silky and soft, and look and feel  
a hundred times better.

If you want to preserve your hair, do  
by all means get rid of dandruff, for  
nothing destroys the hair more quickly.  
It not only starves the hair and makes  
it fall out, but it makes it stringy, strag-  
gly, dull, dry, brittle and lifeless, and  
everyone notices it. You can get liquid  
arvon at any drug store. It is inexpen-  
sive and never fails to do the work.
